

April 1st

Timber Intent

- Owner files a PA-7 with the Town. All owners of record must sign this intent. The intent is filed with the town.

Timber Harvest

- The timber from the property is harvested by a logger/forester and is quantified in tons.

Report of Cut

- Both the owner and logger submit a signed PA-8 to the town with quantities (MBF). The town then calculates the value of stumage.

Timber Yield Assessment & Tax

- The harvested timber is calculated and a tax is levied on the owner. Bills must be paid within 30 days.
